

Autism Community Together

Application for Northeast Indiana Autism Education Training

In an effort to ensure our community has the quantity and quality of personnel to address the growing needs of the autism community in Northeast Indiana, the ACT is launching an Educational Training Program which will support individuals who want learn more about autism. Our aspiration is to inspire individuals to pursue careers working with individuals with autism.

Consideration will be given to:

- Pursuit of a relevant degree for serving individuals with autism
- work experience
- residency

Individuals selected for autism-specific education sponsorship will be expected to provide 40-hours of free service to a family in Northeast Indiana utilizing the skills acquired in the sponsored training.

Due to the funding available through IN*Source and Indiana's Governor's Planning Council, sponsorships are not available for parents of children with autism spectrum disorder.

If you are interested in being sponsored, please complete the application below and attach a resume:
